The TERUMO® SurGuard®3 SAFETY HYPODERMIC NEEDLE is intended for use in the aspiration and injection of fluids for medical purposes. The Terumo Safety Hypodermic Needle is compatible for use with standard luer slip and luer lock syringes. Additionally, after withdrawal of the needle from the body, the attached needle safety sheath can be manually activated to cover the needle immediately after use to minimize risk of accidental needlestick.

**SURGUARD®3 SAFETY HYPODERMIC NEEDLE:**

**INSTRUCTIONS FOR USE**

**STEP 1.** Tighten the syringe to the needle using aseptic technique. Grip the base of the needle, not the safety sheath, push and turn the syringe clockwise.

**STEP 2.** Move the safety sheath away from the needle and toward the syringe barrel to the angle shown, prior to removing the needle cap. Perform injection procedure according to established technique. (Note: The needle “bevel up” position is oriented to the position of the safety sheath.)

**STEP 3.** After the injection procedure, use a one-handed technique to activate the safety mechanism using any of the three (3) methods illustrated above. (Activation is verified by an audible and/or tactile “click” and can be visually confirmed.)

**FINGER ACTIVATION**

**OR**

**THUMB ACTIVATION**

**OR**

**SURFACE ACTIVATION**

**STEP 4.** Visually confirm that the safety sheath is fully engaged.

**STEP 5.** Dispose of used needles and materials following the policies and procedures of your facility as well as federal and local regulations for sharps disposal.

**WARNINGS**

- Handle with care to avoid needlesticks.
- Do not replace original needle cover after use.
- Use once and discard immediately in accordance with local safety standards.

**CAUTIONS**

- If needle is bent or damaged, no attempt should be made to straighten needle or use the product.
- Do not attempt to deactivate the safety device by forcing the needle out of the safety sheath.
- For single use only. Do not reuse. Do not resterilize.

**PRECAUTIONS**

- Keep hands behind needle at all times during use and disposal.
- Observe Universal Precautions on all patients.
- Do not use if the unit package or product has been damaged or contaminated.
- Do not store at extreme temperature and humidity. Avoid direct sunlight.
