

Minimize the ***OUCH!*** with Terumo® – The Sharper Needle

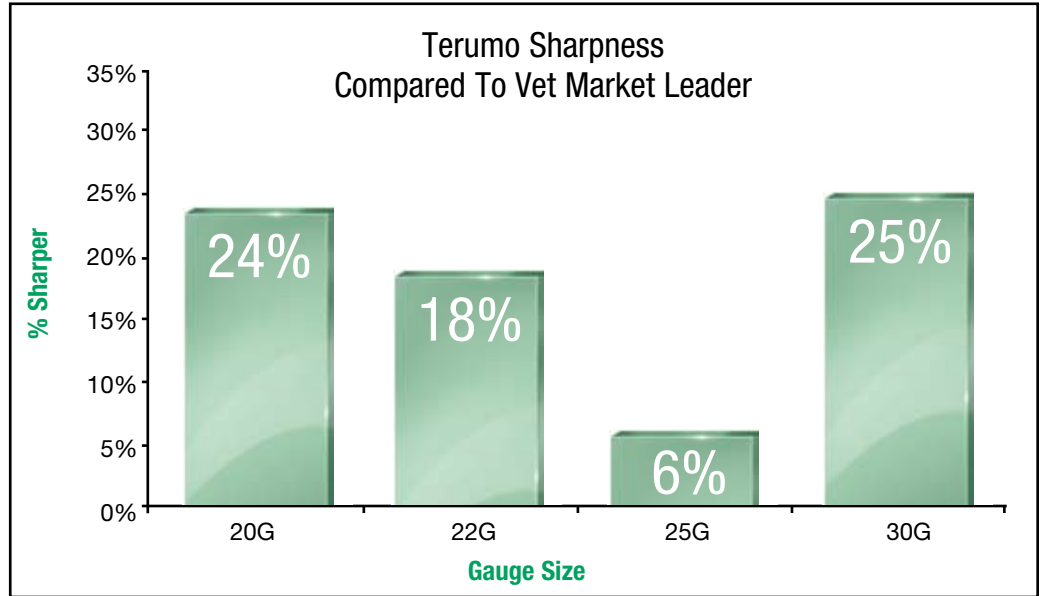

When you think hypodermics...
Think sharp. Think Terumo.

Tests confirm sharper needles

A recent study* confirms what veterinarians who use Terumo needles have known all along – Terumo needles are on average **18% sharper** than the Vet market leader. Terumo needles penetrate skin with less force, which can mean greater comfort for patients and less stress for pet owners.

On average, Terumo is 18% sharper than the Vet market leader*

Sharper needles means easier penetration.
